RIVER NEWS. For other River News see Fifth Page. River and Weather. The weather yesterday forenoon, was, if possible, more gloomy and dark than any of its predecessors. A drizzling rain prevailed all morning, and the atmosphere was mild. The river fell 10 1/2 inches during the twenty-four hours ending at noon yesterday, and the decline will now be rapid, beyond a doubt. There is but six feet in the channel at Pittsburg, and it is rapidly declining at Cincinnati and Louisville. Arrivals and Departures. The arrivals and departures, up to three o'clock yesterday, include the Alice Dean Cincinnati to New Orleans; News Boy Henderson and return; Charmer, Cairo and return; Wm. White, Green River to Evansville. Boats Due. Among the first boats due here are the Havana, America and Julia, to Nashville; Nymph No. 2, Mariner, New York and Carrie, to St. Louis; Robert Burns, Anna, Silver Moon and Sam, J. Hale, for Memphis; Liberty No. 2, Ella Faber and Clifton, from Memphis; Huntsville, Cantralia and Mary Erwin, for Arkansas River; Nick Longworth, Messenger, Louisville Great Republic, and Swallow, for New Orleans; Sam. Parker, Silver Cloud, Silver Spray, and J. W. Garrett, from New Orleans; Mayflower, from Cairo; Sam. Ot, from Eastport. Miscellaneous. The damp, gloomy weather, of yesterday had a depressing effect on business, which was dull all day. The Alice Dean, with a magnificent trip for New Orleans, passed down at two o'clock yesterday morning, having made a splendid run from Cincinnati. Captain Pepper will be able to occupy his reserved seat at Dr. Price's Church in New Orleans on Sunday, beyond all doubt. None of the boats had much freight except the Dean. The Charmer was full of passengers, having registered 200 on the round trip. The Ada Lyon got up steam yesterday and left for Green River on a special mission. She will not resume her regular trips till business revives and the flood abates. The Petrolia and Advance No. 2 were preparing to leave for Wabash River last evening. The Great Republic would not leave Cincinnati till yesterday afternoon, and will not be here till to-morrow morning. The Mary Forsythe was expected last evening to load here for New Orleans. She is a first class boat in every particular. The Michigan, Capt. Roberts, was preparing to leave for Newburgh last evening, whence she will take a tow of corn to Isla d. I. and with it a tow of corn for New Orleans. U. S. Marshal Gen. Ben. Spooner, laid his hat on the wreck of the Laura Fenton yesterday, on behalf of certain parties claiming salvage from the underwriters. The wreck will soon be visible to the naked eye. We did not learn the names of the parties in whose favor the attachment was issued. Boats Leaving To-day. For MEMPHIS.—The Gray Silver Moon leaves for Memphis at 8 o'clock this morning. For HENDERSON.—The best and elegant little Newshoy, Capt. Charley Perkins, leaves for Henderson at 3 o'clock. For GREEN RIVER.—The regular Green River packet Wm. White, leaves for that stream at 6 o'clock this evening. Captain Drinkwater and Pat. Burke are her popular officers. For CUMBERLAND RIVER.—The Chattanooga, Capt. Henry Scott, leaves positively for Cumberland River this evening, with good passenger accommodations. Our pleasant young friend, Kil Rudd, will be found in the office. Special River Dispatches. EXCLUSIVELY TO THE JOURNAL. CAIRO, March 21.—The following is our port list for the past 24 hours: Silver Cloud, New Orleans to Cincinnati, 10 p. m.; St. Charles, Evansville to New Orleans, 10 p. m.; Indiana, Louisville to New Orleans, 11 p. m.; M. E. Forsythe, New Orleans to Evansville, 1 a. m.; Shamrock, Cincinnati to St. Louis, 6 a. m.; J. D. Perry, New Orleans to Evansville, 11 a. m. CINCINNATI, March 21.—The river has fallen 6 feet, there being now 31 feet 6 inches in the channel. Weather wet, and it has been raining off and on all the morning. Thermometer 42 deg.; barometer falling. 29.30 nov. Cleanings from our Exchanges. St. Louis.—The Democrat of Wednesday says: The river is falling steadily about 6 inches per day. The upper rivers are all reported still falling. The weather is very mild, a general thaw prevailing. Produce is coming in rapidly. Shipments for the south are steady and large, and business generally seems recuperated. Freight for Fort Benton and the gold mines is now going down handsomely to the boats at the wharf, and it begins to be understood that there is an immense amount to go this season to the Upper Missouri. The shippers are stimulated by the reports of low water in the Missouri. There appears to be but 3 1/2 feet water to St. Joseph. VINCKENNES.—The Sun, of Tuesday, says: The river at this point is about at a stand, with sufficient water for first-class steamers a number of which are plying from above and below. The J. P. Webb came down from Palestine landing Saturday, and put off at this place a lot of bulk meat, shipped by Mr. Haskins, and left for Evansville, with a tolerably fair load. The Starlight, from Russellville, passed down yesterday for Nashville, with boat and cargo heavily loaded. The Advances, No. 1, and 2 went down to Mt. Carmel yesterday, quite light. The Mackinac came down from Hendersonville Sunday afternoon with a heavy load, which she put off here, and returned up the river yesterday forenoon. Three of four poppletons arrived yesterday from above and below, and will enter the trade from this point. CINCINNATI.—The Commercial of Wednesday says: Previous to her departure, Albert Pohlman (brother of Engineer Gus Pohlman), and Adam Billan, in behalf of many friends, presented to Captain James H. Pepper a magnificent gold-headed cane, in token of their appreciation of the Captain's attention to the transportation of the body of Engineer Pohlman home. LOUISVILLE.—The Courier of Wednesday says: The river was falling very fast yesterday—fully three inches per hour in the evening—and we think a good portion of the wharf shore will be free of water this morning. The river, up to last evening, had fallen altogether eleven feet at the

head of the falls. The weather was clearing yesterday, and was freezing cold at night, though melting all day, causing the snow to disappear. The river has now receded entirely clear of Fourth street, and the pavement in front of Ben. Darrett's is once more clear of the encroaching tide. The lower side of the corner of Fourth and Water streets was still invaded by the water, last evening, but will no doubt be clear this morning. The rapidly receding river left the John T. Mack on her hard ground on the second bank at Upper Portland, where she laid up. The Tarascon went to her assistance late Monday night, and parted a pine inch hauser trying to pull her out. She got a new hauser yesterday morning and took another hard pull at her, but failed to remove her.

FORWARDING and GENERAL COMMISSION MERCHANTS. Cor. Water and Division Streets, EVANSVILLE, IND.

WE RESPECTFULLY CALL THE attention of farmers, planters, and dealers in COTTON and TOBACCO, to the fact that we have opened a Cotton and Tobacco Sale House at Evansville. It must be apparent to all that our city possesses superior advantages over any other in the West as a market for these staples. It being much nearer to at least three-fourths of the Cotton and Tobacco Districts in the Valley of the Ohio, Green, Cumberland, and Tennessee Rivers, and more accessible at all seasons of the year, thereby gaining time and expense. In soliciting your patronage, we only ask you to visit in building up a great home market for yourselves. Our terms of sale are the same as Louisville and other Western markets. The owners of Cotton and Tobacco can at their option accept or reject sales made to the highest bidder. We also solicit the consignments for sale of all kinds of Country Produce, and the purchase of Provisions, Groceries, and Agricultural Implements, and merchandise generally. CARD. THOS. C.
